Dear MIMAROPA Dep Ed Official,

Thank you for your prompt response.

For the Calabarson Area, the dates of workshops: 28-29 June 2014 (Workshops 1 & 2).

Venue: Continuing Education Center at UP Los Banos.

Please advise us if this venue is accessible to your teachers. Is there a DEP ED venue that we can use for workshops 3 & 4? and more accessible to teachers within the Calabarzon Area?

We are also conducting workshops in Palawan. Dates: July 19-20 (Palawan State Univ); July 22-23 (San Vicente or El Nido).

We will send you the detailed dates and venue as soon as they are finalized. We hope to hear from you on your suggestions re venue.

Sincerely,

Fran OBrien

Teacher Empowerment Network for Student Success International (TEN\_S<sup>2</sup> Int'l)  
Hanford, California, USA 93230

April 27, 2014

Regional Directors  
Department of Education,  
Philippines

Dear Regional Directors,

This is to respectfully follow-up the initial letter sent to your office regarding some proposed workshops for math teachers this coming June to August 2014.

In support of the President's Education Agenda and the Department of Education's mission, TEN\_S<sup>2</sup> Int'l (Teacher Empowerment Network for Student Success International) would like to propose a collaborative partnership with your respective office in providing professional development for math teachers in your respective region.

We have designed four 2-day workshops for different grade levels that are aligned with the K-12 curriculum and equally relevant in keeping abreast with international standards. The objectives, the outline for each workshop, and the resume of two initial facilitators are enclosed for your perusal and evaluation. We can also custom-design workshops for you that you think are of more pressing need to your teachers and students.

Our teaching experience in the Philippines and in California together with our professional

development and studies in other countries have enriched our knowledge, competencies, and our lives that we would like to share them with our fellow educators in different parts of the country this coming June to August 2014.

We have communicated with the Department of Education's main office and an advisory (#115 dated March 10, 2014) regarding our proposed workshops has been posted on their official website.

Thank you and we look forward to your favorable action regarding this exciting endeavor.

You may contact us via email at [tens2international@gmail.com](mailto:tens2international@gmail.com) or by phone at (559) 827-0753 for more information and questions.

Very truly yours,

FRANCILYN ALINDADA-O'BRIEN  
Managing Director
