INVITATION for the 2015 MIND EDUCATION SPECIALIST TRAINING KOREA

Dear Dr. San Antonio,

Warmest Greetings from IYF!

IYF (International Youth Fellowship) was founded in 2001, and with the mindset of **Challenge, Change and Cohesion**, has been leading the way in Youth education.

IYF Mind Lectures provide the clear analysis of the heart, desire, self-control, isolation, exchange, wisdom and the world of the heart and proposes solutions to youth who live in a materialistically abundant 21st century, however cannot control their hearts and grieve due to unseen pain and depression, and to those who are confused and experience conflicts in a rapidly changing world with intense competition. IYF therefore establishes proper leadership in the youth.

IYF hopes to select 500 Mind Education Experts for the Philippines Mind Education program during the first half of 2015, about 130 teachers and principals participated the 2014 Mind education Specialist Training in Korea last April 2014, 60 principals and supervisors this second half of the year and through training in Korea we wish to improve their qualifications, and moreover look to establish proper leadership and education amongst the youth of the Philippines. Furthermore, the invited Philippine instructors will experience Korean culture and education environment, and thus hope to complete an in depth expert program.

In this regard, we cordially invite you to partake in this event.
