Overview:

The conference will host delegates and presenters who are from local, provincial and international destinations. Participation in Conference 2015 will provide a unique opportunity to engage with international colleagues for professional growth. Explore issues and ideas from research and field experiences in the early childhood education practices, working with the families, providing support and services among other things.

Objectives:

Delegates will participate/engage during the three day conference in the following activities:

1. Outstanding pre-conference professional development programs;
2. Amazing topics on ASSESSING ASSESSMENT: Best Practices and New Research, REMEMBERING TO P.L.A.Y. (Problem-Based, Language Rich, Age Appropriate Activities for Young Children), Communicating from the

Heart: Inspiring Creativity and Connection---and many more...

1. A rare opportunity to have a guided tour of University of British Columbia's child care centres;
2. A panel discussion on how provincial ministries and ECE organizations work to support early care and learning;
3. Exciting and innovative workshops to suit all ECE professionals;
4. A Trade and Resource Fair, which will be packed with books, toys, and resources for ECEs
