Dear Sir/Ma'am,

Good day!

Our company, **KEY TO INNOVATION & DEVELOPMENT ENTERPRISES**, has ventured into bringing audiovisual equipment to schools and universities, government and private offices, as well as institutions and individuals who, we believe, will benefit from today's innovations in technology.

We carry our brand **TECHNOVATION** in the Philippines. We aim to promote convenience through our improved wireless public address system.

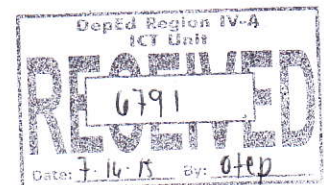

In line with this, we would like to offer for your consideration some of our quality audiovisual equipment for your indoor and outdoor activities, trainings, programs, seminars and many other affairs.

We will be more than willing to meet with you and to discuss our proposal in your most convenient date.

Thank you.

Sincerely yours,

DOLLIE EVANGELIO
Sales Manager
