2nd Asian Appreciative Inquiry Summit on Co-Constructing Multiple Pathways and Engagements for ASEAN Community Benefit

23-24 October 2015

Development Academy of the Philippines, Pasig City

Two days of learning more about Appreciative Inquiry (AI) and of sharing stories how “the spirit” of AI has moved mindsets from deficit to life-generating perspectives!

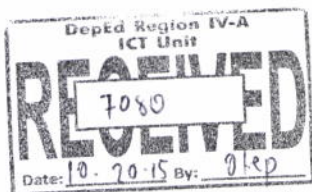

USA-based Diana Whitney will deliver the Keynote Direction, “Appreciative Inquiry and New Directions in Organization Development in Bringing about Positive Change in Organizations and Communities.” She is recognized as one of the thought leaders in the field of positive organization change.

Singapore-based Noel E K Tan will share the on-going Intersection Project in Singapore. This is a grassroots-based initiative focused on building a strong foundation for a culture of engagement to take root in a society.

SAIDI graduates and learners who apply and practice AI in their research, work, and consulting engagements will be around as World Café Resource Persons, including: Rosalina Fuentes, Sharon Chao, Jean Lapa, Susan Evangelista, Nicola Maier, Melody Remorca, Sr. Rose Montejo, OND, Jamie Gotangco, Pearl Bernardo, Jonas Tetangco, Fr. Dick Rocha, and Noel Silan. Aspiring inclusivity through gallery and Open Space conversations will be led by Miriam Grace Go, Dodong Saliot, and Chit Juan. A panel discussion on inspiring journeys by design will be led by Sec Sonny Coloma, Carl Balita, and Rowena Paraan. A gallery of feel-good stories will be shared by Marides Fernando, Edicio dela Torre, Judy Rosario Dino, and Henry Tenedero. Foreign delegations led by Dorothy Tsui from Hong Kong, Patricia Nunis & Hamidah Marican from Malaysia, Peter Gan from Thailand are coming as well. And we look forward to counting more!

Let’s hear from each other and create that critical mass that can launch a “butterfly movement” – one where we can effect transformation in our ways of thinking about our world with great bias and action from the seemingly non-attractive caterpillar to a graceful butterfly!

Register Now! Online registration available at <http://www.saidi.edu.ph/www4/2ndAIsunmit.html>
