THE REGIONAL DIRECTOR
*Department of Education – Region IV-A
Karangalan ES, Karangalan Village, Cainta
1900 Rizal, Philippines*

Dear Madam/Sir:

Greetings!

The **University of the Philippines Math-Physics Society** is an organization of students who share a common vision of promoting student's interest in Mathematics and Physics. In its 40th Year of Excellence, the Society kept living up to this vision with great triumph, as it has spearheaded countless activities geared toward advancing the awareness and appreciation of students of the City of Baguio, the Cordillera Region and neighboring regions in the fields of Mathematics and Physics.

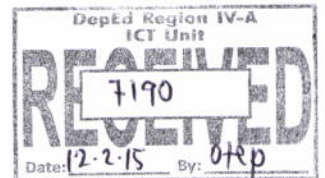

A noted activity of the UP Math-Physics Society is the **Annual Math-Physics Interschool Quiz Show**, an annual challenge to high school students to compete with the best of the local schools in a battle over proficiency in Mathematics and Physics. In the staging of the Society's 27th Annual Math-Physics Interschool Quiz Show on the 20th of February 2016, 7:00 AM – 3:00 PM at the Baguio Convention Center, we are motivated in extending the scope of participants of the said activities not only to local students but also to brilliant students from the different regions of the entire island group of Luzon.

In connection to this, we humbly ask that you endorse the participation of your region's schools. Moreover, we would like to request a copy of a list of the schools of your region with their contact information (telephone number and email address), and a copy of the Endorsement Letter from your office.

Thank you very much and we look forward to your positive response regarding our request.

Respectfully Yours,

HARLEE T. QUIZZAGAN
Chairperson, 27th AMPIQS Luzonwide

Noted:

PROF. EDNA N. GUECO
Math Faculty Adviser

UNIVERSITY OF THE PHILIPPINES BAGUIO UP MATH – PHYSICS SOCIETY

Gas. Park Road, Baguio City 2600 Philippines

27TH ANNUAL MATH-PHYSICS INTERSCHOOL QUIZ SHOW-LUZONWIDE

Quiz Show Information

Objectives:

1. To foster enthusiasm in Mathematics and Physics
2. To minimize the negative attitude of students towards Mathematics and Physics
3. To identify and encourage Mathematics and Physics-inclined students
4. To develop friendly competition among the participants

Scope:

1. General Mathematics – Algebra, Trigonometry, Elementary Calculus, Geometry and Statistics, Elementary Number theory
2. Physics – Fundamental Physics (Mechanics, Optics, Electronics, Atomic Physics, Astronomy)

Rules and Guidelines:

1. The quiz will be divided into two categories, the Team Category and Individual Category. Each category will have two rounds: an Elimination round and a Final round.
2. Each participating school shall have one (1) representative for the individual Category and a lineup composed of three (3) members to compete for the Team Category. Each team shall have a designated team captain. The student who represents his/her school for the individual may also be one of the three representatives for the school's Team Category entry.
3. There will be twenty (20) questions for the elimination round; (6) easy, (7) average and (7) difficult. Fifteen (15) questions for the final round; (7) average and (8) difficult. The questions in each round would be distributed as 40% Physics and 60% Mathematics.
4. Questions would include objective (i.e. fill in the blanks, true or false, multiple choice) and problem solving types of questions. Each question would have corresponding points and time limits to be set according to their difficulty.
5. The corresponding score and time allotment for each question will be 2 points for 20 seconds for the easy round, 3 points for 45 seconds for the average and 5 points for 60 seconds for the difficult round. Wrong answer will merit no point. The questions will be repeated only once. The time allotted to answer each question starts after the second reading of the question. Answers are to be written on slates provided at the start of the contest proper.
6. NO calculators are allowed. Answers such as n , e , roots, and functional values of \log , \ln , and circular functions (i.e \sin , \cos , \tan) can be left as is, except when specified.

23rd of November 2015

The PRINCIPAL/OFFICER-IN-CHARGE

Sir/Madam:

Greetings!

The UP Math-Physics Society, on its 40th Year of Excellence and with its guiding principle of promoting Mathematics and Physics, presents you the **27th Annual Math-Physics Interschool Quiz Show - Luzonwide**. This activity serves as our way not only of identifying scientifically inclined youth but also of enhancing the interests of high school students in the said fields as well as encouraging a healthy competition among them.

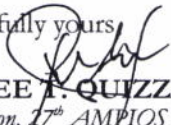

In view of this, we cordially invite your school to participate in the said event on February 20, 2016, 7:00 AM to 3:00 PM, at the Baguio Convention Center. A registration fee of P100.00 per participant will be collected upon registration from 7:00 AM to 8:45 AM. Attached herewith is the Quiz Show Mechanics and the Event Time Frame, for your convenience.

Moreover, for the activity to be convenient we request you to submit the names of your students and their respective coach who will attend the event to the official contact persons stated below on or before **January 31, 2016**. This confirmation is for monitoring purposes only. You may still attend as a walk-in participant.

We are eager to welcome your participants on the 27th Annual Math-Physics Interschool Quiz Show – Luzonwide.

Thank you very much and God bless.

Respectfully yours,

HARLEE T. QUIZZAGAN
Chairperson, 27th AMPIQS Luzonwide
