On December 1, 2015, the Department of Interior and Local Government (DILG) issued Memorandum Circular 2015-138 to all Governors, City and Municipal Mayors, Sangunian at all levels, DILG Regional and Provincial Directors, and all other concerned, regarding the Guidelines on the Implementation of Training for Better Access to Job Opportunities (TraBAJO).

TraBAJO, formerly known as Skills Training for Accelerated Growth in Local Governments (STAG-LG), specifically aims to:

- Strengthen the capacity of LGUs to plan and implement employment program, and offer timely, accurate information on job vacancies and skills needs of the poor, along with assistance on the job search;
- Fortify the partnership of LGU and private enterprises to match the environment for investment and employment;
- Provide target unemployed residence with access to technical and skills training required by priority sector enterprises;
- Facilitate access to livelihood programs of National Government Agencies (NGAs) for the graduates of skills training

DILG has allotted a TraBAJO FUND which can be utilized for specific activities and programs that will help achieve the goals of TRABAJO. This FUND can be accessed by eligible target provinces, cities and municipalities, by forging a Memorandum of Agreement with the DILG-Regional Office.

Among the target beneficiaries of TraBAJO, specifically stated in the MC, are the Abot-Alam-mapped out-of-school youth (OSYs) who expressed interest in Employment. It is in this regard that we call all Regional Offices (ROs) and Schools Division Offices (SDOs) to actively engage their respective LGUs and assist in the forging of the MOA between them and the DILG-Regional Office. The implementation of TraBAJO in your respective divisions will also open more employment opportunities for our OSYs mapped through Abot-Alam.

MEMORANDUM CIRCULAR
 NO. 2015- 138

TO : ALL CONCERNED GOVERNORS, CITY AND MUNICIPAL MAYORS, SANGUNIAN AT ALL LEVELS, DILG REGIONAL AND PROVINCIAL DIRECTORS, AND OTHERS CONCERNED

SUBJECT : GUIDELINES ON THE IMPLEMENTATION OF TRAINING FOR BETTER ACCESS TO JOB OPPORTUNITIES (TraBAJO)

I. BACKGROUND

In line with the goal of the Philippine Development Plan (PDP) for 2011-2016, DILG's societal outcome is poverty in multiple dimensions reduced and massive quality employment created. Contributory to the achievement of this outcome is the Business-Friendly and Competitive LGUs (BFCL) Outcome Area of the DILG.

The BFCL is composed of component projects that will provide interventions and reforms for the LGUs to enhance their enabling environment in engaging business sector, promoting local trade/businesses to generate employment. It will also improve LGUs' competitiveness towards increasing sustainable growth and ensuring that growth is inclusive.

Starting this 2015, members of the Southeast Asian Nations will integrate as ASEAN Economic Community (AEC) wherein there will be a highly competitive single market and production. For the Philippines, there is a strong necessity to improve its ability to compete and to answer the demands of its future, starting with its human resources development and capacity building. With AEC, there will be free flow of workforce coming in, as such there would be a high risk that local workforce may become unemployed if investors or business owners cannot find the necessary skills they require in an area.

Under BFCL is a key component project on workforce development entitled, "Training for Better Access to Job Opportunities" (TraBAJO), formerly known as Skills Training for Accelerated Growth in Local Governments (STAG-LG). TraBAJO aims to capacitate target local government units (LGUs) to develop their Workforce Development Program and provide support in preparing their communities the necessary skilled workforce requirements of the private enterprises in priority sectors such as Tourism, Agri-Business, And Information Technology – Business Processing Outsourcing (IT-BPO).

Handwritten signature and date: MS 12-1-15

TraBAJO supports the National Government's thrust to provide a sustainable intervention to improve the plight and condition of the unemployed and empower them through skills training leading towards gainful employment and entrepreneurial activities.

Moreover, TraBAJO supports inclusiveness and accessibility to job opportunities by ensuring that all skills trainings are equally participated in by men and women, prioritizing the marginalized group such as out-of-school youth, person with disabilities, and indigenous people.
