“Improving Food and Nutrition Security in the Philippines through school interventions”

November 21, 2016

Dr. Diosdado San Antonio  
Director  
Department of Education-Region 4A  
Fax No.: (02) 682 2114

Dear Director San Antonio:

Greetings from the International Institute of Rural Reconstruction!

In relation to the ongoing research project, once again we would like to request for your approval and endorsement of the project review and planning workshop to be attended by the members of the project implementation team from each division in Region 4A composed of **EPS in TLE/EPP, SBFP Division Coordinator and 1 from SGOD responsible in monitoring programs**. This strategic activity targets to produce outputs that will be used in refining the project strategy and processes so we can achieve the scaling up of the integrated school nutrition model. A review of program strategies and challenges will be done to strengthen implementation. Participants from each division are expected to share accomplishments, lessons learned and good practices in implementing GPP, SBFP and Nutrition Education. The workshop will be held on December 1-2, 2016 at the International Institute of Rural Reconstruction campus in Silang, Cavite. The project will cover the transportation and other expenses (board and lodging) of participants.

For inquiries or clarification, you may directly contact Ms. Irish Baguilat, the project manager at +63 917 5776618 or [irish.baguilat@iirr.org](mailto:irish.baguilat@iirr.org).

Thank you for your relentless support.

Sincerely,

Emilfa Monville-Oro  
Director, Philippine Country Program  
Regional Center for Asia  
International Institute of Rural Reconstruction

*All SDSs for appropriate action*
