DEPARTMENT OF EDUCATION

Karangalan ES, Karangalan Village

Cainta, Rizal

Dear Mr. Antonio:

Greetings from Junior Achievement!

Junior Achievement (JA) Philippines, a member of JA Worldwide is happy to announce the new JA program called "JA Cha-Ching Program™" which is developed and implemented by Prudence Foundation Limited in collaboration with JA Asia Pacific Limited to inspire and prepare young people to succeed in a global economy.

The JA Cha-Ching Program encompasses economics curriculum for Grade 4 students. The program emphasizes economic and social studies content while providing a strong focus on finance, mathematics, planning and analytical skills. With this program, students are encouraged to use divergent and critical thinking to make decisions on how they manage their money applying the four (4) concepts: **Earn, Save, Spent** and **Donate** in their daily life which support positive attitudes as they explore and enhance their money-management skills.

In line with this, we would like to have your support in helping us for the implementation of this program in the Region IV-A (CALABARZON).

If you have any inquiries, you may call our telephone numbers at (632) 889-1538 or (632) 889-5877 and look for the program coordinator, Mr. Anthony Paul C. Villamor

Thank you and looking forward to your favorable response.

Cordially yours,

MR. KRISHNA C. ALEJANDRINO, MSC, ChBA
Executive Director, JA Philippines

To: SDSs
For your appropriate
action please
Thank you
God Bless!
