SUBJECT : ATTENDANCE TO EUROPEAN CONFERENCE ON EDUCATIONAL
RESEARCH (ECER) 2017 IN COPENHAGEN, DENMARK

DATE : APRIL 26, 2017

DepEd Region IV-A CALABARZON's research entitled "Practices of Learning Focused School Leaders: Findings from Consensual Qualitative Research" has been accepted to be presented at the 2017 European Conference on Education Research (ECER 2017) with the theme, "Reforming Education and the Imperative of Constant Change: Ambivalent roles of policy and educational research" on August 21-25, 2017, Copenhagen, Denmark.

One of the main agenda of this conference is to address the impact of the transnational reform pressure and reflect on the role of educational research in reforming education and the imperative of constant change. Having research as one of the main thrusts of this region, the conference will be a perfect avenue to be exposed to and learn from other research leaders worldwide. It will also be an opportunity for education leaders in CALABARZON to initiate networks and link with other education practitioners all over the world.

As such, this Office hereby strongly encourages the attendance of all the Schools Division Superintendents including the Assistant Regional Director as representatives of the region in this very important endeavor.

Immediate dissemination of this Memorandum is desired.
