Medical Officer IV
Department of Education Region 4-A

RE: Magic Glasses Philippines (MGP) Second Follow-up Survey Schedule

To concerned SDSs:

Dear Dr. Intia,

For your appropriate action.

*Thanks,
Ann Belar*

The Magic Glasses Philippines study, under the auspices of the Research Institute for Tropical Medicine of the Department of Health and in collaboration with the Australian National University and the QIMR Berghofer Medical Research Institute of Australia, would like to inform your good office regarding the conduct of its second follow-up survey on June 5 to July 21, 2017 in selected 40 elementary schools, distributed in the Department of Education (DepEd) Division of the Province of Laguna and the DepEd City Division Office of the cities of Calamba, Binan, Santa Rosa and San Pablo.

In line with the preparation of the survey, we will be visiting the schools on the third week of May to meet with the grade 5 teachers, get the class lists and finalize the schedule of collection.

The same battery of activities in the baseline and the first follow-up surveys will be done on the same children who will be now in Grade 5 this coming school year 2017-2018. We would also like to ask your good office to cascade this information to the following schools included in this survey (list of the 40 schools shown in Annex 1).

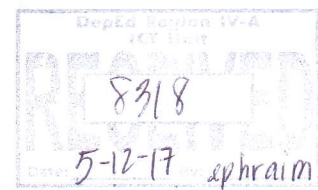

If you have concerns or clarifications, you can reach us thru **MGP email account: magicglassesphil@gmail.com** or you can call Eunice Dianne Santos at 0927-714-13-62.

Thank you very much for your support.

Truly yours,

Remigio M. Olveda
