Director
Department of Education – Region IV CALABARZON
Gate 2, Karangalan Village
Cainta, Rizal

Dear Dr. San Antonio,

MAY 17 2017

Greetings from the Lasallian Family of Lipa!

De La Salle Lipa (DLSL) is pleased to note that students from the different National High School are currently availing of a quality Lasallian education. We would like to extend our sincerest appreciation to the Department of Education for continuously recommending our school to graduating high school students and for entrusting them to us, as we will prepare them to be future Lasallian professionals. The Institutional Admissions & Testing Office (IATO) college application for Academic Year (AY) 2018-2019 will start on August 30, 2017.

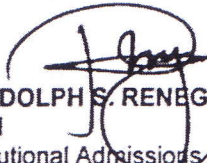

It is the desire of the Lasallian Family of Lipa to bring our college programs to the students in Region IV CALABARZON. Furthermore, provide information about DLSL as part the excellent Lasallian institutions in the Philippines providing quality education and an environment that is suited for better learning experience.

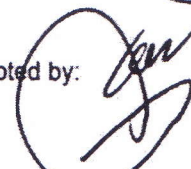

In connection with this, we humbly seek for your endorsement to campaign and establish testing centers in different Region IV-CALABARZON National High Schools. The IATO and Marketing Communications Department will coordinate to the different Division Superintendents for proper protocols and avoid disruptions (*no-disruption-of classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*) of school activities. Our college admission campaign will be from June 2017 to April 2018 to give more time to the students to prepare all needed documents for application.

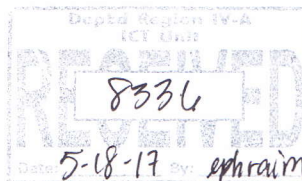

We look forward for an opportunity to visit Region IV CALABARZON National High Schools and meet your students at a mutually convenient date and time.

Thank you very much and we look forward for your graduating students to join the Lasallian family of Lipa.

In St. La Salle,

RANDOLPH S. RENEGADO
Head
Institutional Admissions & Testing Office
