

May 22, 2017

Mr. Diosdado M. San Antonio
Regional Director
Department of Education Region IV-A

Dear **Mr. Antonio:**

We would like to thank you for sending participants to the JPMorgan Chase Foundation-sponsored Teachers' Training on Entrepreneurship held on May 11-13, 2016. The training was successful because of your cooperation and support to the project.

Moving on and as promised during the training, we would like to invite you once again to send participants for a one-day session on how to use the online learning system which we have introduced during the course. This would be held on **June 14, 2017 at the Bayan Academy, 2F Cinderella Building, 825 EDSA, Quezon City.**

The session would help the trained teachers to create an account on the online portal so that they could have access on the learning materials and e-learning site. This would also allow your region to finally make use of the website in teaching your students. The session will also give a run-through on how to use the system. Only those who would complete the one-day session would be given access and privileges to the website. You may send at most 25 teacher-representatives to this class (preferably one per division, together with heads). The event would also officially turn over the website to your region.

We would like to request the teachers to bring their own laptops or they can share a laptop with a group. We would appreciate if you could confirm the list of participants until June 2, 2017. Kindly email chazdecastro@gmail.com or mykpaat@gmail.com. Please note that the course is free of charge and we shall also be providing for their meals. You may also contact us at (02) 927-9365.

Sincerely,

(signed)
Charizze De Castro
Program Director, Bayan Academy
