Dr. Diosdado San Antonio
Office of the Regional Director
Department of Education – Region IV-A

Dear Dr. San Antonio:

On behalf of the School of Education and Human Development of the University of Asia and the Pacific, I am pleased to invite DepEd Region IV-A to send participants to our two-year program leading to the degree of **Master of Arts (MA) in Education** for the thesis track and **Master in Education** for the nonthesis track.

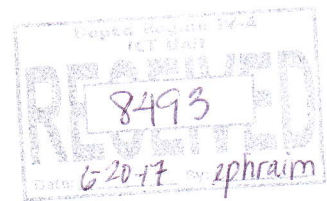

The program offers two majors for both tracks: (1) **Educational Leadership** and (2) **Child Development and Education**. Classes are held on Saturdays only (morning and afternoon).

The **Educational Leadership** major seeks to develop principal-leaders and teacher-leaders who are occupying or who are being prepared for leadership and key academic and administrative positions in their schools, especially those in basic education. The **Child Development and Education** major seeks to develop early childhood educators and specialists who can effectively blend theory and practice in creating positive learning opportunities and experiences for your children to promote their total development.

We offer **scholarship grants covering partial to full subsidy for tuition and miscellaneous fees**, depending on the Admission Committee’s overall assessment of each grantee’s qualifications and potential.

All applicants are required to take the Graduate Level Test to be conducted by the Center for Educational Measurement. Each applicant will be charged an application fee of five hundred pesos (P500) to cover the testing fee and incidental expenses. Applicants should take note of the important dates below.
