Dear Undersecretary Poa:

This has reference to your letter, dated November 13, 2023, advising Transpac Cargo Logistics, Inc. of the desired pull-out by the Department of Education of the items stored at designated warehouses across various regions. This stems from the decision of the DepEd to partially terminate the Framework Agreement and the associated call-off contracts with Transpac specifically concerning the hauling, warehousing and delivery of various items.

It is crucial to highlight that DepEd currently has outstanding obligation totaling Php313,399,405.03, comprising billed amounts of Php285,466,721.49, that had been pending for eighteen (18) months. The Php16,236,365.74 represents services rendered of the logistics services pending the completion of delivery documents, which is yet to be invoiced and Php11,696,317.80 represents interest charges.

Furthermore, it is essential to note that Transpac has raised a challenge to DepEd's partial termination decision, as outlined in its letter dated October 16, 2023.

While this release of items from our warehouses should not be construed as a quitclaim or abandonment of our legal rights against DepEd's decision, Transpac is willing to facilitate the release under the following understanding:

1. This action is an additional gesture of goodwill, demonstrating Transpac's willingness to cooperate with DepEd for the ultimate benefit of recipient-schoolchildren;
2. Transpac expects DepEd to reciprocate in good faith by immediately settling the outstanding payments;
3. The decision to release items aims to prevent further cost escalation and losses associated with prolonged warehouse leases and personnel expenses;
4. The pull-out should be completed no later than 31 December 2023;
5. Standard dispatching procedures will be observed, ensuring an orderly and swift dispatch on a "per division or per region/province, per project" basis;

6. DepEd will be responsible for preparing Delivery Receipts and Transfer Manifests for the released items.

We appreciate your prompt response on this matter and are prepared to engage in further discussions to address any queries or concerns that may arise from this.
