1 DM-OUHROD-2024-0106 – Request for the Accomplishment
   of the Online Survey on School Hardship Factors for the
   Special Hardship Allowance (SHA)
OFFICE OF THE DIRECTOR

ADVISORY

This has reference to the issued memoranda Re: DM-OUHROD-2024-0106 with subject Request for the Accomplishment of the Online Survey on School Hardship Factors for the Special Hardship Allowance (SHA), we would like to reiterate and clarify the process of answering the survey form.

Below are the additional instructions on filling-up the survey form:

<tbody>
<tr>
<td>C. Information on the Availability and Access to Transportation from School to the Municipal/City Hall</td>
<td>Usual Mode/s of travel means 75%-100% of the time these modes are used.</td>
</tr>
<tr>
<td>• Select a usual mode of travel from school to the municipal/city hall that has jurisdiction to the barangay of your school for the frequently used route for majority of the teachers?</td>
<td>For teachers with more than one (1) usual mode of travel, you may choose “other” as option and indicate all the usual modes of transportation used.</td>
</tr>
<tr>
<td></td>
<td>For example: For teachers from School A to reach the city/municipal hall, they need to walk for the first 2 kms, and habal-habal for the rest of the travel. Thus, the said school has two (2) usual travel mode (one-way). With this, choose “other” as option and indicate <strong>walk and habal-habal</strong>.</td>
</tr>
<tr>
<td>• What is the usual one-way Travel Time (in minutes) from school to the municipal/city hall that has jurisdiction to the barangay of your school using this mode of travel?</td>
<td>Usual one-way Travel time <em>(in minutes)</em> is the accumulated travel time using the usual travel modes.</td>
</tr>
</tbody>
</table>
| | For example, the one-way travel time of the teachers from School A to city/municipal hall are as follows:
  i.  walk for 30 minutes; and
  ii.  habal-habal for 90 minutes

Thus, the one-way travel time to be inputted should be the accumulated one-way travel time which is 120 minutes.
| What is the usual one-way Travel Cost (in Pesos) from school to the municipal/city hall that has jurisdiction to the barangay of your school using this mode of travel? | Usual one-way Travel cost *(in Pesos)* is the accumulated travel cost using the usual travel modes.  
- For example, the one-way travel cost of the teachers from School A to city/municipal hall are as follows:  
  i. walk – No cost; and  
  ii. habal-habal – 200Php  
Thus, the one-way travel cost to be inputted should be the accumulated one-way travel cost which is 200Php. |
