SUBJECT: BASIC EDUCATION INFORMATION SYSTEM (BEIS)
SCHOOL YEAR 2023-2024 DATA COLLECTION

DATE: 08 March 2024

Pursuant to DepEd Order (DO) No. 27, s. 2019 titled Guidelines on the Yearly Collection of Data/Information Requirements and Validation Processes, the Department provides the basis for the annual data collection in the Basic Education Information System. It instructs all public and private schools, including State/Local Universities and Colleges offering basic education in the country to update the school profile and other data elements through the accomplished data gathering forms.

With this, the Department remains committed to ensuring the collection and generation of quality education data. This data will aid in allocating crucial resources, budgeting, policymaking, monitoring and evaluation, and improving the delivery of quality basic education in the country. This also recognizes and reiterates the vital role of all personnel across all levels of governance in reporting correct data in the system, as well as in producing accurate statistics that will support the successful implementation of priority programs under the MATATAG Agenda.

SUBJECT: BASIC EDUCATION INFORMATION SYSTEM (BEIS) SCHOOL YEAR 2023-2024 DATA COLLECTION

For information and guidance, attached in this Memorandum are copies of the BEIS Data Gathering Forms for School Year 2023-2024. These forms capture the revisions and additional data elements/information requirements proposed by the program owners and implementers, as shown below:

1. Government Elementary School Profile
2. Government Junior High School Profile
3. Government Senior High School Profile
4. Private School Profile
5. State/Local Universities and College Profile

Public integrated schools, private schools, and State/Local Universities shall provide information only applicable to them in the abovementioned BEIS data gathering forms.

A. Guide in reporting select data/information requirements in BEIS SY 2023-2024

All School Heads shall be guided accordingly by the following instructions/reminders in the proper reporting of data:

1. Integrated schools (elementary and secondary levels) that share the same facilities such as water supply, electrical supply, internet connectivity, and wash facilities shall report the same data at all levels.

2. If the integrated school has only one electric/water/internet billing for both elementary and secondary levels, the average cost of monthly bills/maintenance shall be the same for both levels.

3. The number of computers for integrated schools shall be counted based on the recipient level. For example, computers allocated in elementary schools must only be counted in elementary, even if the same computers are used by both elementary and secondary learners.

4. Shift refers to time schedules corresponding to different sets of classes with different sets of learners (e.g., morning and afternoon shifts). Night classes are not considered a shifting schedule.

The implementation of shifting means that there is an existing shortage of the number of classrooms and/or teachers that necessitates conducting classes of different grade levels like in the morning or afternoon.

Illustration A:

Due to limited number of rooms in School A, its school head decided that Grades 7 and 9 will conduct their classes in the morning (06:00 a.m. to 12:00 nn) while classes for Grades 8 and 10 will start in the afternoon (01:00 p.m.)
to 07:00 p.m.). In this scenario, the school is implementing shifting, particularly two shifts.

Illustration B:

With a very large enrollment and limited number of classrooms, School B implemented the following class schedules: Grades 1-2 (06:00 a.m. to 10:00 a.m.); Grades 3-4 (10:00 a.m. to 02:00 p.m.); and Grades 5-6 (02:00 p.m. to 06:00 p.m.). Given the circumstances, School B is implementing three shifts.

5. For suicide and attempted suicide, only cases with proper documentation can be reported. Cases related to suicide can only be defined and confirmed through a process of collaboration, investigation, and validation with relevant professionals including authorities, medical officers, and/or guidance counselors or mental health coordinators or social worker involved in the case of the learners. Please refer to Annex A, Section III of OUOPS No. 2023-06-7518 for interim guidelines on validation of data regarding suicide incident reporting.

6. The standards for group handwashing facilities entail that such facilities can accommodate at least ten (10) learners for Elementary and at least four (4) learners for JHS/SHS. Existing handwashing facilities designed for group handwashing that do not meet these standards or fall below them shall be reported under the category of "Facilities for individual handwashing."

7. In private schools and state/local universities and colleges offering elementary, junior high school, senior high school, or any of both levels, if the computers, toilets, laboratories, classrooms, and other facilities are commonly used or shared by different grade levels or level of education, the following shall be counted to both levels (i.e., elementary, and junior high school or junior high school and senior high school).

B. Data Validation

The Department would like to reiterate that the program focal person in the division shall jointly validate with the Division Planning Officer their program data. The program focal person shall sign the forms to ascertain that the data reported are correct and validated.

At the division level, online validation shall be done by the Division Planning Officers while the Division Focal Persons should be responsible for paper or table validation of the forms. In case there are any errors in the accomplished forms submitted by the schools, they should be informed of the findings and requested to rectify such errors.

Likewise, 100% table validation of submitted templates by the program coordinators shall be done. Large and very large divisions may adopt applicable strategies to facilitate the validation process.

School Heads are also reminded that they shall be responsible for validating the accuracy and correctness of the data reported by their school.
