SUBJECT: Requesting for Advisory

Dear Atty. Escobarte,

Greetings of Peace!

The National Coordinating Body of Clubs for UNESCO in the Philippines, Inc. (NCBCUP, Inc.) has been working with the Filipino youth as active players in pursuing advocacy-driven endeavors in local, regional, national and even in the international scale. As it celebrates the 14th founding anniversary as the biggest and largest network of Clubs for UNESCO of youth advocates in the country, NCBCUP sustains the annual gathering of youth advocates and young leaders through the International Assembly of Youth for UNESCO (Y4U) on **November 29 to December 1, 2024** to be held at **City State Asturias Hotel Palawan, Puerto Princesa City**, with the theme: **"Empowering Communities through UNESCO Initiatives: Advancing Science and Technology, Culture, Creativity and Lifelong Learning"**.

Various activities and competitions are lined-up to strengthen the Clubs for UNESCO's intrinsic mandate of being grassroots changemakers and empowering them to carry on the challenge of localizing efforts anchored on regional, national, and international declarations. Approximately 150 accredited UNESCO Clubs are expected to take part in both the plenary sessions and breakout sessions.

In this regard, we would like to request for the release of an Advisory from your Regional Office so that our accredited Clubs for UNESCO in the public school, teachers and students, can attend this annual event. Please see attached Concept Note and program of the conference and Publicity material for your reference. You may visit the link for further details: <https://www.unescoclubsph.org/home>

We look forward to fostering fruitful collaborations and eagerly await the approval or issuance of a DepEd Regional Office Advisory to further support our collective efforts.

Sincerely Yours,

INTERNATIONAL ASSEMBLY OF YOUTH FOR UNESCO 2024

- Project Title** : INTERNATIONAL ASSEMBLY OF YOUTH FOR UNESCO (Y4U) 2024
- Proponent** : National Coordinating Body of Clubs for UNESCO in the Philippines, Inc. (NCBCUP)
- Date** : November 29 - December 1, 2024
- Venue** : City State Asturias Hotel Palawan, Puerto Princesa City
- Theme** : “Empowering Communities through UNESCO Initiatives: Advancing Science and Technology, Culture, Creativity and Lifelong Learning”
- Rationale** : 14th Year Convention of the National Coordinating Body of Clubs for UNESCO in the Philippines

UNESCO’s preamble highlights the need to build peace in the minds of women and men as wars begin in the same mental faculties of people. Accordingly, peace has to be instilled in various elements of society: through inclusive education, through a scientific discourse, through the arts and culture of nations alongside its heritage, through a functional human rights system, and through full freedom of expression. The message of UNESCO is, “of increasing importance today, in a globalized world where interconnectedness and diversity must serve as opportunities to build peace in the minds of men and women.”

Emphasizing this message, Clubs for UNESCO across the world bear that unique mandate of starting the change at the grassroots, attaining the goals one simple action at a time. Individually, Clubs for UNESCO are exceptional in their mechanisms of delivering programs and projects. Collectively, through the National Coordinating Body of Clubs for UNESCO in the Philippines, Inc. (NCBCUP), Clubs for UNESCO build and fortify the pillars of growth and development towards a sustainable, peaceful, and just society.

PROGRAM DESIGN

The present youth generation is confronted with unprecedented challenges brought about by health, educational, economic, environmental, and social crises. In the advent of various problems concerning unemployment, violence, pollution, poverty, corruption, illiteracy, war, terrorism, and even natural disasters; the youth of today take the center stage of global attention as the most vulnerable sector and the prime players of positive change and sustainable development.

United Nations Secretary-General António Guterres accentuated that young people are on the frontlines of the struggle to build a better future for all. Accordingly, the COVID-19 pandemic has highlighted the dire need for this kind of transformational change the United Nations seeks – and young people must be full partners in that effort.

The United Nations Educational, Scientific and Cultural Organization (UNESCO) has not halted its diligent efforts to sustain the realization of the UN Sustainable Development Goals (SDGs) 2030. UNESCO has been pursuing sustainable development initiatives through grassroots actions involving the youth.

In the Philippines, the NCBCUP has been working with the Filipino youth as active players in pursuing advocacy-driven endeavors on the local, regional, national, and even international scale. As it celebrates its 14th founding anniversary as the biggest and largest network of Clubs for UNESCO in the country, NCBCUP sustains the annual gathering of youth advocates and young leaders through the International Assembly of Youth for UNESCO (Y4U) 2024 on November 29 - December 1 with the theme: **“Empowering Communities through UNESCO Initiatives: Advancing Science and Technology, Culture, Creativity and Lifelong Learning.”**

Y4U 2024 will certainly ignite the interests of youth leaders and youth advocates towards service by keeping them
