2. The activity is intended for SDOs that were unable to attend last week's meeting and for further clarification on program implementation concerns raised during the initial round. It aims to:
 - a. continuously monitor and evaluate the implementation of the ARAL Program in accordance with DO 29, s. 2022 or the Adoption of the Basic Education Monitoring and Evaluation Framework (BEMEF), to ensure evidence-based decision-making, transparency, and system accountability at all levels of governance;
 - b. emphasize context-based implementation, as the ARAL Program should be flexible to local learner needs, not rigidly uniform;
 - c. encourage collaboration between the Central Office–Regional Office–Schools Division Office–District–School levels for synchronized monitoring and technical assistance;

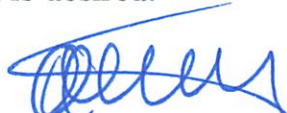

- d. integrate learner profiling and parent engagement into the ARAL Program monitoring; and
 - e. conduct follow-up in-person monitoring visits after the technical session to validate actions taken.
3. Participants in this meeting are the members of the Regional Technical Working Group (RTWG) established for the ARAL Program, including the SDO ARAL Focal Person and their Alternate Focal Person/s.
 4. All SDOs, through their ARAL RTWG, are enjoined to continuously document and report field-level issues, concerns, and challenges encountered in the implementation of the ARAL Program. Reports shall include, but not be limited to, learner attendance, data accuracy, dashboard discrepancies, teacher workload, and classroom limitations. Entries shall be submitted through the following link:
