Dear Regional Partners,

Under the **REBISCOVER LEARNING Program**, specifically through **REBISCOMMUNITY**, Rebisco continues its commitment to community development by supporting initiatives that promote the welfare of schoolchildren—such as feeding programs, medical missions, gift-giving, relief operations, and other product donations.

In response to the call to support the newly launched **ARAL Program** of the Department, please be informed that we have allocated **Rebisco products** as snacks for all learners enrolled in the program. Kindly prepare at least two (2) classrooms in terms of space requirement to safekeep the products. These will be delivered to your respective offices between **November 3–7, 2025 via the third-party logistics partners**.

To facilitate smooth coordination, kindly provide **one designated drop-off point**, along with the **name and contact details of your authorized representative**.

We appreciate your prompt reply.

Thank you for your continued partnership and support.

Subject: Rebiscover Learning Programs for Region IV-A

Dear Atty. Escobarte,

Greetings of peace and goodwill!

We are writing to express Rebisco Food Group of Companies' intent to collaborate with the Regional Office on the implementation of the Rebiscover Learning Program.

Through **REBISCOVER LEARNING**, Rebisco participates in a wide spectrum of DepEd programs that aims to make learning among school children more fun and to get them more interested, motivated, and engaged.

The **REBISCOVER LEARNING** program has various components aligned to the 5-point education agenda and to NEDA's program priority plan. Its components are as follows:

A) RebisCOMPLEMENT

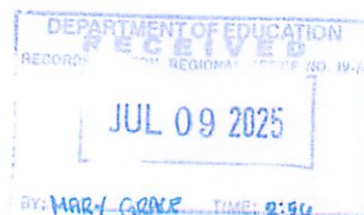

Rebisco develops learning materials that complement the lessons taught, enabling them to better understand and retain the learning. These materials are both in printed and digital formats.

These include reading materials, activity worksheets, volleyball training modules, ALS modules, and storybooks to help complement the department's effort on Reading Literacy Program.

B) RebisCONSTRUCT

Students can focus better when they're comfortable, and an overcrowded classroom has a detrimental impact on the learners' concentration and academic performance.

Rebisco assists by constructing or restoring classrooms to decongest overcrowded ones. Also includes construction or restoration of service facilities like canteens, traveling schools, sports clinics, library hubs or other learning facilities.

C) **RebisCONQUEST**

Education is the key to success and the most powerful weapon a person can use to change the world. Giving a child access to quality education puts him in the best place to have a secured future for himself and a better chance of conquering the world.

Rebisco enables students to pursue quality education through high school and college scholarship grants.

D) **RebisCOMMUNITY**

To show its oneness with the community, Rebisco participates in programs that contribute to the community's overall welfare such as feeding programs, medical missions, gift-giving, relief efforts and product donations.

Rebisco also extends support to the other communities:

- Snack provision to parents, teachers, and learners and other volunteers during the yearly *Brigada Eskwela*, *Palarong Pambasa*, Learning Camp, Learners' Convergence
- Assorted grocery items given quarterly to families of identified school children
- Donation to teachers of assorted Rebisco products (including ice cream and freezer from Creamline, a subsidiary company) to start off a small sari-sari store business. Started in 2023, this will continue every year on a nationwide scale

E) **RebisCONGRESS**

Training programs and volleyball clinics among the schools' volleyball coaches and athletes in collaboration with the volleyball winning team **Creamline Cool Smashers**.

Aligned to the above programs, the Rebisco Food Group is committed to execute the following initiatives to Region IV-A, these are as follows:

1. Snacks provisions during the Brigada Eskwela - done
2. School-based feeding program in select priority schools of Rebisco Foundation – ongoing with SDO Cavite province
3. Rehabilitation of three (3) mega school canteens in SDO Batangas province – September 2025
4. Construction of one (1) outdoor study area in SDO Rizal – October 2025

5. Reproduction of ALS modules (or other priority learning materials of SDO Quezon) – October-December 2025
6. Support to sports development program (volleyball equipment donation to 10 Laguna schools) – done

Given the line-up of initiatives above, we aim to begin the planning and execution phase by October 2025, pending any necessary approvals from the Regional Office.

Thank you for considering this partnership opportunity. We look forward to your response and to the possibility of working together on this important initiative.

Sincerely,
