## ADVISORY

FOR : **REGIONAL DIRECTORS  
SCHOOLS DIVISION SUPERINTENDENTS  
REGIONAL, DIVISION, AND SCHOOL DRRM COORDINATORS**

FROM : *[Signature]*  
**FELINO O. CASTRO V**  
*Director IV*

SUBJECT : **Implementation of the DRRMS Incident Management Reporting System (IMRS) for Reporting the Effects of Hazards and Incidents and Requesting Response Interventions**

DATE : January 8, 2026

This is to advise all concerned DepEd personnel to use the Incident Management Reporting System (IMRS) as the official platform for reporting incidents, including fire incidents, flooding, and other hazard-related occurrences that result in learning interruptions and infrastructural and non-infrastructural damages in schools. The introduction of this new response mechanism is due to technical issues currently affecting the Rapid Assessment of Damages Report (RADaR) platform, which is temporarily unavailable for use.

All incident management details on affected schools must be encoded in the IMRS within eight hours of incident occurrence. The IMRS shall auto-generate the report for online signing and approval by the reporter and approver prior to transmission to DRRMS. The signed IMR shall be the basis for validation, monitoring, response planning, and fund augmentation, including requests for related financial assistance. An audit trail has also been added to track all IMRs.

In view of this, Regional and Division DRRM Coordinators are requested to:

- Ensure the timely, complete, and accurate submission of incident reports in the IMRS immediately after the occurrence of any hazard-related incident affecting schools.
- Cascade the reporting protocols and tools to all School Heads and designated School DRRM Coordinators within their respective area of responsibility to ensure continuous, proper documentation and monitoring of all incidents and response interventions.
- Document all problems, issues, needs, concerns, and observations (PINCOs) encountered at the school level and email them to the DRRMS for review and resolution.
